

LESSON PLAN OF EVEN SEMESTER SESSION 2023-24

CLASS B.A. 2nd SEM

SUBJECT: GEOGRAPHY (MINOR)

Month	Week	Topics to be Discussed
February	3 rd Week	India:- Location and Extent., India's Neighbor Country, India: Space Relations, India in the Context of South-East and South Asia.
	4 th Week	India's Relief: Classification of India's Relief. The Northern and North-Eastern Mountains: Geographical Division of the Himalayas, Regional Division of the Himalayas, Importance of Himalayas Mountain
March	1 st Week	The Plains of Northern India: Physical Division of the Plains, Regional Division of the Plains, Importance of Plains. The Peninsular Plateau: Physical Sub- Division of the Peninsular, Importance of Plateau.
	2 nd Week	The Coastal plains of India The Islands of India
	3 rd Week	Drainage System: Evolution of River System in India. The Drainage System of India. The Himalayan River, The Peninsular Plateau.
	4 th week	Holi Vacation
April	1 st week	Climate: Climate of India, Factors Affecting Climate of India, Monsoon, Seasons of India (Winter Seasons, Summer Season, Rainy Season, Cool Season)
	2 nd Week	Soils: Definitions of Soils, Soil Profile, Classification of Soils (Alluvial Soils, Black Soils, Red and Yellow Soils, Laterite Soils,
	3 rd Week	Arid Soils, Forest and Mountain Soils, Saline and Alkaline Soils),
	4 th Week	Vegetation: Natural Vegetation and Types of Forest (Tropical Evergreen Forests, Tropical Deciduous Forests,
May	1 st week	Tropical Thorn Forests, Mountainous Forest)

	2 nd Week	Population Distribution, Density, Growth and Composition: Population Distribution and Population Density, Factors Affecting Distribution and
	3 rd Week	Density, Population Distribution and Density Patterns in state level, Growth of Population, Population
	4 th week	Population Composition (Rural- Urban Composition, Sex Composition, Literary Rate,
June	1 st week	Linguistic Composition, Religious Composition and occupation Composition.
	2 nd Week	Revision

Syllabus of B.A. 1st will be completed by me before the commencement of 2nd semester exam and I will also implement this lesson plan during classes.

LESSON PLAN OF EVEN SEMESTER SESSION 2023-24

CLASS B.A. 2nd SEM

SUBJECT: GEOGRAPHY (PRACTICAL)

Month	Week	Topics to be Discussed
February	3 rd Week	4. Religion: Meaning, nature and classification. Evolution and global distribution of major religions in the world.
	4 th Week	Prepare the 1 st sheet at the Composition of major religions in the world.
March	1 st Week	Population Distribution, Density: Determinants and world pattern.
	2 nd Week	Prepare the 2 nd sheet at the Population Distribution showing by Dot method.
	3 rd Week	Prepare the 2 nd sheet at the Population Distribution showing by Dot method.
	4 th week	Holi Vacation
April	1 st week	Prepare the 3 rd sheet at the Population Density showing by Choropleth method.
	2 nd Week	Prepare the 3 rd sheet at the Population Density showing by Choropleth method.
	3 rd Week	Prepare the 4 th sheet at the Migration streams showing by Flow Diagram method.
	4 th Week	Prepare the 5 th sheet at the Plotting of Isotims.
May	1 st week	Prepare the 5 th sheet at the Plotting of Isotims.
	2 nd Week	Prepare the 6 th sheet at the Plotting of Isodapane.

	3rd Week	Prepare the 7 th sheet at the Spatial Growth of World population
	4 th week	Prepare the 7 th sheet at the Spatial Growth of World population
June	1 st week	Prepare the 8 th sheet at the Temporal Growth of World population
	2 nd Week	Revision

Syllabus of B.A. 1st will be completed by me before the commencement of 2nd semester exam and I will also implement this lesson plan during classes.

Jul 1

LESSON PLAN OF EVEN SEMESTER SESSION 2023-24

CLASS B.A. 2nd SEM

SUBJECT: GEOGRAPHY (MAJOR)

Month	Week	Topics to be Discussed
February	3 rd Week	1. Definition, nature and scope of human geography.
	4 th Week	2. Development of human geography approaches to study human geography,
March	1 st Week	Branches and relation with other social sciences.
	2 nd Week	3. Human race: Meaning, classification of races
	3 rd Week	Human Races global diffusion and distribution.
	4 th week	Holi Vacation
April	1 st week	4. Religion: Meaning, nature and classification.
	2 nd Week	Evolution and global distribution of major religions in the world.
	3 rd Week	5. Organization of space: central place theory,
	4 th Week	Agricultural location model
May	1 st week	Industrial location model.

	2nd Week	6. Population Distribution: Determinants and world pattern. Population Density: Determinants and world pattern.
	3rd Week	Population Density: Determinants and world pattern.
	4th week	7. World pattern of development: economy and polity
June	1st week	8. World pattern of migration: streams and determinants
	2nd Week	Revision

Syllabus of B.A. 1st will be completed by me before the commencement of 2nd semester exam and I will also implement this lesson plan during classes.

June +

LESSON PLAN OF EVEN SEMESTER SESSION 2023-24

CLASS B.A. 2nd SEM

SUBJECT: EVS

Month	Week	Topics to be Discussed
February	3 rd Week	Introduction of Environmental Studies Environmental Studies: Meaning, Definitions, Origin and Development, Multidisciplinary nature of Environmental Studies,
	4 th Week	Scope and importance of Environmental Studies, Concept of Sustainability and suitable Development.
March	1 st Week	Ecosystems Ecosystems: Meaning and Definitions, Structure and Function of Ecosystem, Energy Flow, Food Chain, Food Web.
	2 nd Week	Major Ecosystems Types in the World: Forest Ecosystem, Grassland Ecosystem, Desert Ecosystem, and Aquatic Ecosystem.
	3 rd Week	Natural resources: Renewable and Non-Renewable Resources: Land Degradation and Soil Erosion: Causes, Effects and Controls. Forest Resources: importance of Forest, Deforestation: Causes and impacts on Environment. Water Resources: use and over Exploitation of surface and ground water Energy Resource: renewable and non-renewable energy resources.
	4 th week	Holi Vacation
April	1 st week	Biodiversity and Conservation Definition and its types, Endangered and Endemic species of India. Threats to biodiversity: Habitats loss, poaching of wildlife, man wildlife conflicts, biological invasions Conservation of biodiversity: In-Situ and Ex- Situ.

	2 nd Week	Ecosystem and Biodiversity Services: Ecological, Economical, Social, Ethical, Aesthetic and Informative values. Environmental pollution Environmental pollution: types, uses effects. Water Pollution: types, causes, results and solutions
	3 rd Week	Air Pollution: types, causes, results and solutions Soil Pollution: types, causes, results and solutions Noise Pollution: types, causes, results and solutions Solid wastes management: Sources, Methods of disposal.
	4 th Week	Landfill, incineration and composting. Climate change, Global Warming, Ozone lay depletion, Acid rain and impacts on human countries and agricultures
May	1 st week	Environmental Policies & Practices Environmental laws Environment (Protection) Act, 1986, Air (Prevention and Control of Pollution) Act, 1981, Water (Prevention and Control of Pollution) Act, 1974. Human Communities and the Environment Human Population Growth: Impact on Environment, Human Health and Welfare.
	2 nd Week	Resettlement and rehabilitation of project affected person. Disaster management: Foods causes, Effect, Results and Solutions. Earthquakes causes, Effect, Results and Solutions.
	3 rd Week	Cyclone causes, Effect, Results and Solutions. Landslide causes, Effect, Results and Solutions.
	4 th week	Drought causes, Effect, Results and Solutions. Cyclone causes, Effect, Results and Solutions. Landslide causes, Effect, Results and Solutions.
June	1 st week	Drought causes, Effect, Results and Solutions. Environmental Ethics: Role of Indian and Other Religions and Culture in Environmental Conservation.
	2 nd Week	Revision

Syllabus of B.A. 1st will be completed by me before the commencement of 2nd semester exam and I will also implement this lesson plan during classes.
